

ABSTRACTS OPEN

Abstracts from the 5th Biennial SIRS Conference - Disclosures

npj Schizophrenia (2016) 2, Article number: 16006; doi:10.1038/npjSchz.2016.6

Firenze Fiera Congress Center, Florence, Italy, 2–6 April, 2016

Sponsorship: Publication of this supplement was funded by the Schizophrenia International Research Society

Presenter Financial Disclosure

Each participant certifies that all their (and their immediate family's) affiliations with or financial involvement (e.g., employment, consultancies, honoraria, equity ownership or stock options, grants, contracts, patents, received or pending, or royalties) with any organization or entity having a financial interest in or a current or potential financial conflict with any matters related to SIRS are disclosed completely here. For purposes of disclosure, financial involvement is defined as any income source having occurred within the last 2 years. Please note if any income source is greater than or equal to \$10,000 per year or has the potential to generate that amount per year in the future (e.g. patents or royalties). Also, please note if the financial involvement constitutes more than 5% of one's family income.*

*Please note that it is the policy of the Schizophrenia International Research Society to only collect disclosure information from the presenting author.

Part 1

Any Financial involvement with a pharmaceutical or biotechnology company, a company providing clinical assessment, scientific, or medical products or companies doing business with or proposing to do business with SIRS over past 2 year, or proposing to do business in the futures (June 2013 – Present) should be listed here:

Part 2

List annual income sources & equity of \$10,000 per year or greater (June 2013 – Present):

Part 3

Financial involvement with a pharmaceutical or biotechnology company, a company providing clinical assessment, scientific, or medical products or companies doing business with or proposing to do business with SIRS which constitutes more than 5% of family income (June 2013 – Present):

Part 4

Grants from pharmaceutical or biotechnology company, a company providing clinical assessment, scientific, or medical products directly, or indirectly through a foundation, university, or any other organization (June 2013 – Present):

Part 5

My primary employer is a pharmaceutical/biotech/medical device company. List company name:
